## CPD programmes

The Swaledale Alliance provides a range of high quality CPD for leaders, teachers and teaching assistants at all stages of their careers. To ensure a more comprehensive range of development the Alliance is working strategically with all of the other primary teaching school alliances in North Yorkshire. Working together as NYPSTA (The North Yorkshire Primary Schools' Teaching Alliance) the teaching schools are aiming to ensure that teachers and teaching assistants can access a core of high quality professional development at all stages in their careers and wherever they teach in North Yorkshire. Initially, from September 2017 NYPSTA will offer programmes for New Heads, Middle Leaders, NQTs and Teaching Assistants with further programmes to follow.

The Swaledale Alliance is leading on the development of the accredited TA and HLTA programmes and contributing to the others.

Those programmes in **bold below** will be offered as NYPSTA courses and the details of the content and the cost are subject to change. See [www.swaledalealliance.org](http://www.swaledalealliance.org)
